STUDENT-CENTERED  
**LEARNING ENVIRONMENT**  
THAT EMPHASIZES THE KEY  
INDICATORS OF LEADERSHIP,  
EFFECTIVE COMMUNICATION,  
CIVIC RESPONSIBILITY,  
CRITICAL THINKING AND RISK  
TAKING.

## THE SCHOOL FOR **FUTURE LEADERS**

SNA Marianapolis International school is the second branch of Marianapolis Preparatory School in the US, and the very first international school in Bien Hoa City, Dong Nai Province.

The establishment of SNA Marianapolis International School is a landmark partnership between Nguyen Hoang Group (NHG) and Marianapolis Preparatory School USA, a leading Catholic secondary school in the United States. At SNA Marianapolis, students are offered every opportunity to gain the most comprehensive and fullest learning experience, and personal development.

The school is also acknowledged as part of the SNA International School System which was founded in 2005. The SNA System - A member of the Nguyen Hoang Group, is an inter-level school system from Elementary School to High School. Over its 17 years of establishment, the SNA System has built a complete international education ecosystem, aiming to train young talents to become future leaders and global citizens.

**SNA MARIANAPOLIS  
INTERNATIONAL SCHOOL**  
BIEN HOA CAMPUS

## VISION

SNA Marianapolis International School will become a leader in Bien Hoa City and an international educational community committed to exploring and adopting innovative educational techniques while remaining traditional in its approach to character development.

## MISSION

The mission of SNA Marianapolis International School is to educate students in the preparatory tradition of academic excellence, with a commitment to an active faith in humanity and a dedication to building character with content, compassion, and integrity.

# MARIANAPOLIS PREPARATORY SCHOOL USA (MPREP)

Marianapolis Preparatory School (MPrep) is the leading private Catholic boarding and day high school in Connecticut, USA. Its rich history of educating students in the Catholic tradition is nearly 100 years old. It has a vibrant and global community of students from around the United States and 22 countries worldwide.

With over 100 courses of study, nearly 40 clubs and organizations, and nearly 40 athletic teams, students truly have options in all facets of academics and extracurricular activities.

Signature programs such as the Centers of Excellence provide the opportunity for real-world experience, applying learned concepts through internships and practicums. 100% of Marianapolis graduates are accepted into competitive colleges and universities throughout the United States and around the globe.

# CURRICULUM OVERVIEW

LEVEL	GRADE	AGE	PROGRAM	CORE SUBJECTS
Elementary School	Grade 1 - 5	6 - 11 years old	Common Core – AERO Standard	<ul style="list-style-type: none"><li>- Math</li><li>- Science</li><li>- Social Studies</li><li>- English</li></ul>
Middle School	Grade 6 - 8	12 - 15 years old		
High School	Grade 9 - 12	16 - 18 years old	Common Core – AERO Standard AP Program – The College Board	

# ELEMENTARY SCHOOL (GRADE 1-5)

## GRADE 1-2

The teaching and learning approach is:

- Centered around developmentally appropriate practices
- Through hands-on and inquiry-based learning experiences

**Goal:** Students explore their world socially and emotionally.

## GRADE 3-5

The teaching and learning approach is based on skill development through transdisciplinary units.

**Goal:** Students think critically and construct enduring understandings across the curriculum.

# MIDDLE SCHOOL (GRADE 6-8)

Electives & Non-core subjects – Besides Core Subjects, students have the opportunity to choose certain subject areas they would like to learn more such as:

- Art
- Music
- Computer Science
- Dance

The teaching and learning approach is based on inquiry & skill-based curriculum.

## Goal:

- Students develop their perspectives and opinions and effectively communicate them.
- Students are well-prepared for high school and university-level academics.

# HIGH SCHOOL (GRADE 9-12)

The teaching and learning approach is to foster the development of skill sets such as:

- Critical and disciplined thinking
- Precise communication
- Scientific analysis
- Creative problem-solving
- An understanding of global perspectives

Potential AP (Advanced Placement) courses to be offered in the 2023-2024 school year:

- AP Chemistry
- AP Biology
- AP Physics
- AP Calculus AB (Algebra-based)
- AP Economics
- AP Computer Science
- AP Art and Design (2-D, 3-D, or drawing)
- AP Psychology

## Goal:

- Students think creatively and articulate ideas effectively.
- Students master English language in order to be comprehensively prepared for university.

# FACULTY

At SNA Marianapolis International School, our instructors will impart dedication to scholarship while maximizing students' potential for growth through extracurricular and community life.

SNA Marianapolis is dedicated to recruiting the most diverse, skilled, and qualified instructors for its campus. These highly capable educators will ensure every student has the opportunity to develop comprehensively, emerging as a global citizen with the poise and potential to make a difference.

Educators recruited to support SNA Marianapolis will be international teachers, vetted by Marianapolis Preparatory School, to ensure the highest quality and commitment to the school's mission. With superlative qualifications and experience, the SNA Marianapolis faculty will be a landmark example within the marketplace who prioritizes experiential education.

# CO-CURRICULAR ACTIVITIES

(STUDENT CLUBS/ EXTRA-ACADEMIC ACTIVITIES)

Co-curricular activities (CCAs) is:

- An important factor for both personal development and socialization.
- Including sports, hobbies, and educational clubs and offerings vary extensively.
- A great way to widen students' social circle, expand their interests, and build leadership skills.

Here are some Co-curricular activities available at SNA Marianapolis:

- |  |               |                       |
|--|---------------|-----------------------|
| • Green Knight<br>(Environmental Club) | • Volleyball  | • Digital Photography |
| • English                              | • Badminton   | • Film Study          |
| • Public Speaking                      | • Basketball  | • Arts & Crafts       |

# FACILITIES

With a total functional area of nearly 33,420 m<sup>2</sup>, SNA Marianapolis is designed as an open space model with extensive green areas and offers an inspiring learning and training environment with numerous academic and living spaces that meet international standards.

# BOARDING FACILITIES

## WELCOME TO SULYNA DORM - HOME AWAY FROM HOME

Right inside the SNA Marianapolis – Bien Hoa Campus

**96** rooms for students

**2** separate floors for males and females

**40** rooms for instructors and school staff

**24/7** medical assistance and security assurance

## REASONS WHY SULYNA DORM IS THE BEST CHOICE

- A safe and modern-structured gender-specific residential complex.
- A haven of nurturing one's personal growth and building strong character.
- A diverse and global residential demographic.
- Specially structured boarding programs and community activities.
- Fostering lifelong bonds.

# SHARING FROM PARENTS

**Mrs. Huynh Thi Oanh**  
Parent of student Luu Tri Hao (Grade 5)

"Despite the fact that the pandemic situation was quite complicated, I noticed that the child had adapted effectively to online learning. He could readily communicate with his teachers and friends online. The teachers were delighted to establish a learning environment for the class that was always enjoyable and comfortable for the students to express themselves freely. The teaching method also encouraged children to work hard in order to gain more and more knowledge beyond the content of the book. Furthermore, the school keeps the family fully informed about all events. Because Luu Tri Hao went to a bilingual environment before entering the international school environment, his English skill is still rather low in comparison with his peers. We also hope that he will make significant progress and quickly assimilate with his classmates in a new learning setting like this."

**Mr. Pham Ngoc Thach**  
Parent of student Pham Ngoc Viet Ha (Grade 2) & Pham Ngoc Viet Duc (Pre-K)

"Our decision for my sweet girl Jessica (Viet Ha) and my little boy Don (Viet Duc) to attend SNA Marianapolis International School is a right one, because the school curriculum will help them develop comprehensively in the most natural way, and will also be an important preparation step for them at higher levels of education. When I went to SNA IB - Saigon South, I was very impressed with SNA students because they were very confident and fluent in using English. In addition, the school staff and foreign teachers are also very friendly. Therefore, I think this is the right decision to send my children to SNA Marianapolis."

**Mrs. Nguyen Thanh Thuy**  
Parent of Nguyen Hoang Khanh Ngoc (Grade 8)

"At first, I was quite worried and wondered whether sending Khanh Ngoc to SNA Marianapolis school was the best decision for her. However, now that she has been attending school for a semester, my worries and concerns are long gone. Instead, there is faith in the educational setting that I have chosen for her as well as joy and pride in that decision. Children who attend SNA Marianapolis learn many essential life skills, grow in self-assurance and maturity, and, most importantly, exceed expectations in speaking, reading, and writing English. To be more specific, Khanh Ngoc won a medal at the World Scholar's Cup (WSC) competition in September 2022. These are enjoyable and memorable activities that SNA Marianapolis has provided for every student."

**Mrs. Ngo Thi Kieu Giang**  
Parent of student Nguyen Duong Khoi (Grade 1)

"My name is Ngo Thi Kieu Giang, and I'm the parent of student Nguyen Duong Khoi, grade 1.2. I chose to send my son to this international school in order to support his gifted ability after realizing that he has the potential to learn English and acquire the language really well. He has improved significantly after two months in many subjects, including Math and English. In addition, my son and I are very happy with the extracurricular activities offered after school. I choose to enroll him in this school for a 12-year investment package program because I strongly believe in what the school can do for my son."

# ADMISSIONS PROCEDURES

1

## Step 1

Complete the Admissions Application Forms

2

## Step 2
